Brief Problem Gambling Screen (3 item)

In the past 12 months:	Yes	No
1. Have you needed to gamble with larger amounts of money to get the same feeling of excitement?	<input type="checkbox"/>	<input type="checkbox"/>
2. Have you often gambled longer, with more money, or more frequently than you intended to?	<input type="checkbox"/>	<input type="checkbox"/>
3. Have you made attempts to either cut down, control, or stop gambling?	<input type="checkbox"/>	<input type="checkbox"/>

A "yes" to *any* of the questions means that the person is at risk for developing a gambling problem.

Consider proceeding to full screen to assess risk level.
